MESSAGE FROM THE GOVERNOR

MR. SPEAKER:

I am directed by the Governor to return herewith: House Bill No. 1444, without his signature.

WILLIAM C. KOCH, JR.,
Counsel to the Governor.

Dear Speaker McWherter,

I am returning House Bill No. 1444 / Senate Bill No. 1578 without my signature for the following reasons.

This legislation increases the State's debt at a time when the Administration and most members of the Legislature are trying to reduce the debt. It borrows money and requires debt service funds at a time when there are more pressing borrowing needs, specifically in education and correction. It adds to the borrowing capacity at a time when legislative leaders doubt the market conditions warrant any borrowing at all.

THURSDAY, MARCH 25, 1982--85th LEGISLATIVE DAY

Rather than veto this bill, I will:

(A) oppose including any debt service funds for this bill in this next year's budget, and

(B) as chairman of the Funding Board, oppose the issuance of these bonds for the foreseeable future.

Sincerely,

Lamar Alexander

House Bill No. 1444 becomes law without the Governor's signature, as authorized by Article III, Section 18 of the Constitution of the State of Tennessee.

SECTION 1. Tennessee Code Annotated, Section 55-3-101, is amended by adding the following new subsections:

() Notwithstanding any other provision of the law to the contrary, off-highway motor vehicles purchased after the effective date of this act shall be subject to the certificate of title provisions of Tennessee Code Annotated, Title 55, Chapter 3 and Section 55-6-101, when such off-highway motor vehicles are operated on lands, other than a highway, which are open and accessible to the public, except private lands under the immediate control of the owner or his agent where permission is required and has been granted to operate a motor vehicle. For the purposes of this subsection, the term "highway" does not include fire trails, logging roads, service roads, or other roughly graded trails and roads upon which vehicular travel by the public is permitted. When such vehicles are operated on privately owned and maintained parking facilities that are generally open to the public, such vehicles are exempt from the provisions of this subsection.

For the purposes of this subsection an off-highway motor vehicle is a vehicle which is not ordinarily used on the public highway and is limited to:

(1) Any motorcycle commonly referred to as a "dirt bike";

(2) Any snowmobile or other vehicle designed to travel exclusively over snow or ice;

(3) Any motor vehicle commonly referred to as a "sand buggy", "dune buggy", or all "terrain vehicle"; or

(4) Similar types of motor vehicles designed primarily for off-highway use.

Such off-highway motor vehicles purchased prior to the effective date of this act may also be issued a certificate of title upon application of the owner if evidence of ownership is properly provided to the department of revenue.

() The Department of Revenue may issue to the owner of an off-highway motorcycle, which the owner has certified as being used exclusively in racing events on a closed course, a special transportation identification device for the purpose of identifying the motorcycle while it is being transported upon a highway to and from racing events on a closed course. Such device may be either a plate or a sticker, whichever is determined by the Department to be the most appropriate.

Such device is nonrenewable, nontransferrable, and becomes invalid when the vehicle for which it was issued is sold or dismantled.

SECTION 2. Tennessee Code Annotated, Title 55, Chapter 8, is amended by adding the following new section:

STATEMENT BY MR. COVINGTON

Please spread the following remarks upon the Journal re: Senate Bill No. 925. The "aye" vote reflected upon the record as being my vote on this measure is totally incorrect for the following reason:

At approximately 12:30 p.m. this date, Mr. Cecil the building maintenance superintendent of the legislature, completely replaced a portion of the voting device at my desk. This replacement was based upon complaints by other members in my row that, through malfunctions of my voting equipment, their votes were being directly altered.

I voted "no" on this measure and the machine recorded "Yes".

EXPLANATION OF VOTE ON SENATE BILL NO. 777

I was very strongly opposed to the above bill.

After Mr. Ken Renner wrote the worst piece of journalism I have read in 10 years and call the legislature a bunch of pigs at trough I resented the remarks as a slur on the people of my District more than myself because they believe enough in there legislator to elect him and I will never cast a vote to ashame them. I will vote for the retirement bill and the pay raise for the same reason.

REP. RANDY McNALLY

REMARKS BY MR. KING (WASHINGTON)

Mr. Speaker, Ladies and Gentlemen of the House:

Because I am probably the only member of the House who has significant reporting experience, it frequently falls to me to try to explain reporters to politicians.

First of all, I think that is absolutely impossible. Every reporter is different -- every newspaper is different. I think there are few things you have to keep in mind and I think it might help some of you today, after you read a certain newspaper article that dealt with a certain kind of farm animal to which a number of us were compared, in fact, all of us.

I think that the first thing to remember about newspapers is that their ultimate use is either to wrap fish or line bird cages. Those are appropriate uses on many occasions, and I feel like this one will be used that way except for those of you who decide to clip it out and keep it as one of those amusing things from our history here in the legislature.

There is another thing I think you have to realize as politicians who are constantly being covered by reporters. It's often easy to sit up in the "peanut gallery", even if it's behind glass, and throw rocks at people who are out trying to change things and do things, as imperfect as some of their decisions may be. It's always easy to throw rocks at politicians when they try to do something about their salaries.

There are a number of ways to look at this, and each one of us have our opinions about what we think ought to be done about a pay raise -- so that's not really relevant to these remarks, but I think it is relevant when somebody lumps 132 people together, knowing that a good number of those people are opposed to a pay raise, have been opposed to a pay raise, always will be opposed to a pay raise, and call them swine getting up to a trough. That's just unfair.

Another thing that's somewhat undignified for the newspaper that's involved. Because that newspaper includes the ownership of a number of people who are extremely active in public service. Having worked for the same corporation that owns the newspaper in question, I also know that the president of that newspaper, until a few days or a few weeks ago, was married to a state senator from Florida. I don't think he would appreciate his wife being referred to as this kind of farm animal.

I think that another thing we have to remember about this sort of thing is that newspapers get a free ride a lot of times with these kind of remarks.

I don't think anybody mentions in these stories that during these hard economic times when people are out of work, that they are still paying the same price for that paper to try to find a job. They are still paying the same price for that paper if they are out of work and they need to find out what's going on with the economy and what their chances of finding one will be. The advertisers are still paying those prices and those prices are going up.

I doubt that there's a newspaper in this state or a reporter that works for one, that went to work on day one and didn't expect to make a little more money the second year than he did the first. I never knew a group of people who can be angrier and more upset over a fifty-cent raise than a reporter. I have worked with a lot of them, and I teach them -- I try.

I won't prolong it any, except to say that for a long time, reporters have neglected to take into consideration, and I did this when I was a reporter -- I was unfair to a lot of people -- and I have gone back to those people since I've been a politician and said I did not understand a lot of things that I understand today.

A lot of people that come down to this House, do so at great personal sacrifice. They do so at sacrifice to their business, to their families, they miss birthdays, sometimes their mothers get sick

and they're 300 miles away from home and can't get home knowing whether or not she's going to be alright by the time they get there or not.

Those kind of things are things that are never taken into consideration for us, and I think that when you are criticizing us -- that is certainly something you ought to do -- we have to be kept honest and we have to be reported on -- but when you stoop so low as to get down in the trough and talk about us as though we're not people and not entities -- not people in this state -- we pay the same taxes, we travel the same roads, we do everything that every other citizen in this state does. And all we ask is criticize us -- do it from behind the cages, do it in the balconies, do it in the hallways -- but do it fairly. And if you're going to refer to us, refer to us in the same way and treat us the same way that we have tried to treat the press in this chamber and throughout the House of Representatives.

I think something that should be taken into consideration by those people who cover us, and that is that in a number of states that I have been in, I have never seen the press treated more fairly than they are in this state.

Now I know reporters always feel like they are not getting a fair edge or they do not have enough access, but in this state, I feel like that we have really gone overboard. In a number of states, the states that I have been in, the press is charged for phones. They are charged for space. They are charged for papers. I don't think that we do that.

I do notice that there is one paper in the state that does reimburse us for that. I commend them for that kind of courage and I commend them for that kind of responsibility.

And all I ask for, and all I ask for my colleagues who are not reporters and who do not understand reporters and the way the newspapers, which are essentially businesses, frequently run by people with very special interests in business, who own a lot of other things and who have things here that are behind all of these criticisms that they make -- that we just be treated as fairly as we've done so.

Thank you very much.
